

Key Dates:

1 May 2018

Deadline of abstract submission

15 June 2018

Notification of acceptance

15 July 2018

Deadline of full paper submission

15 August 2018

Notification of acceptance

SEPTEMBER 17-19, 2018 TIANJIN, CHINA

CALL FOR PAPERS

The 8th China International Conference on Electricity Distribution

SMART DISTRIBUTION, LOW-CARBON LIFE

General information

The 8th China International Conference on Electricity Distribution (CICED 2018) will be held in Tianjin, China on 17-19 September 2018. The conference covers areas related to electricity distribution, such as distribution equipment and asset management, planning and design, operation and control, protection and communication power quality and power supply reliability, renewable energy integration, AC/DC distribution, power market and use of electricity and other interesting topics.

The CICED 2018 will bring together engineers, academicians, managers and regulators specialized in power distribution from all around the world to exchange ideas, discuss problems and share experience. Held every two years in China, CICED has become one of the biggest events and the most attended conference in China focusing on power distribution engineering.

The conference will last for 3 days for keynote speeches, round table seminars, paper presentations and new technology forum, and an extra day for technical visit on 20 September. Recognized experts from all around the world will deliver keynote speeches at the Opening Ceremony. The official language for presentation at the conference is English.

Topics of Interest

The papers should be related to the planning, design, construction, operation, management, regulation and customer service of future distribution grids and distributed generation including its connection to the network. Smart equipment designers and manufacturers are welcome to submit papers on their work in supporting smarter distribution grids.

Session Topics

Session 1

Network Components and Asset Management

Session 2

Power Quality and Power Supply Reliability

Session 3

Operation, Control, Protection and Communication

Session 4

Distributed and Complementary Energy Resources

Session 5

Distribution Network Planning and Development

Session 6

Intelligent Use of Electricity and Electricity Markets

Requirements of Abstract

The abstract must be submitted in English. It should clearly express the main technical ideas with title, subject, major ideas, data and conclusion etc. Meanwhile, the author's contact information (name, company, telephone, fax number, e-mail and mail address) should also be indicated. Prospective authors are invited to submit an abstract of 2 A4 pages (including diagrams and illustrations) by 1 May 2018. The template for the abstract can be found on the official website of the conference. Authors from China can submit a copy in Chinese at the same time for reference ONLY while submitting the English abstract.

Requirements of Full Paper

Authors should submit full paper in English after being informed the acceptance of abstract. The paper selection is mainly based on the English format. Figures, charts, diagrams and pictures are welcomed in the paper to help clearly express your achievements. The whole paper should not exceed 5 A4 pages in most cases. At the end of a full paper, a brief introduction to the main author should be contained. Please submit your full paper by 15 June 2018.

Organizing structure of Ciced2018

SPONSORED BY

Chinese National Committee of CIRED (CIRED CNC)

Chinese Society for Electrical Engineering (CSEE)

State Grid Corporation of China (SGCC)

CO-SPONSORED BY

International Conference on Electricity Distribution (CIRED)

TECHNICALLY CO-SPONSORED BY

Institute of Electrical and Electronics Engineers Power and Energy Society (IEEE PES)

International Council on Large Electric systems (CIGRE)

Institution of Engineering and Technology (IET)

HOSTED BY

Tianjin University (TU)

State Grid Tianjin Electric Power Company
