

# 2012 Korea-Japan Joint Technical Workshop on Semiconductor Power Converter Call for Papers

IEEJ –Industrial Application Society  
Technical Committee on Semiconductor Power Converter  
Chair Yukihiro Sato

We are pleased to announce that the 2012 Korea-Japan Joint Technical Workshop on Semiconductor Power Converter will be held from Nov. 2<sup>nd</sup> to 4<sup>th</sup> in Pohang City, Korea. This workshop is totally fifth one including the first two Kenkyukai style ones and the last year workshop held in Fukuoka, Japan. The venue alternates in Korea and Japan in every year. This workshop will provide a fruitful opportunity for engineers, researchers and academicians to exchange the latest information on power converter technology. In this year, after the technical sessions, we are planning two technical tours in Korea.

We are looking forward to seeing you in Pohang.
