

2013 Japan-Korea Joint Technical Workshop on Semiconductor Power Converter Call for Papers

IEEJ –Industrial Application Society
Semiconductor Power Converter Technical Committee
Chair Yukihiro Sato

We are greatly honored to announce a workshop, 2013 Japan-Korea Joint Technical Workshop on Semiconductor Power Converter, will be held from Oct. 11th to 13th in Nagoya Institute of Technology, Nagoya, Japan. This workshop is the third one (totally fifth one including the first two Kenkyukai style ones) and the last year workshop was held in Pohang, Korea and the venue alternates in Japan and in Korea in each year. In this year, some professors and students from Taiwan will join in this workshop as guests. In addition, we are planning an interesting technical tour around Chubu Centrair International Airport. We are looking forward to seeing you and we hope many papers will be gathered in the workshop.

1. Schedule

Date: Oct.11th (Fri.) – 13th (Sun) 2013
