

Agreement on Cooperation Between
The Engineering Institute of Thailand under H. M. the King's Patronage (EIT)
And
The Institute of Electrical Engineers of Japan (IEEJ)

This agreement is based on a concept of independent and bilateral activities of each organization. To encourage the exchange and dissemination of technical information, and to promote understanding and cooperation between the members of the EIT and the IEEJ, these organizations have entered into an agreement on the following matters:

1. VISITING MEMBERS

When members of the EIT visit Japan, or members of the IEEJ visit Thailand, for a period not exceeding one year, they shall be given the opportunity to avail themselves of the facilities, services and programs of the other institution under the same conditions as those granted to members of the host institution.

2. JOINT ACTIVITIES

The EIT and the IEEJ may, subject to agreement on specific items, enter into joint projects, events, and products such as conferences, forums, publications, history, standards, educational materials, etc. Joint activities devoted to preserving and sustaining the environment, teaching math and science to children, improving technology awareness in the general public, and improving the image of engineers and the profession will also be explored. The EIT and the IEEJ or their technical societies are encouraged to develop joint activities, based on individual agreements, including co-sponsorship of conferences, joint publications, exchange of technical papers, translations, etc.

3. INFORMATION EXCHANGE

By mutual agreement, certain publications may be exchanged between the EIT and the IEEJ.

Plans and schedules for international conferences and major events will be exchanged between the EIT and the IEEJ.

To the extent practical, consultation will take place when it is proposed to conduct a major conference or event in Thailand by the IEEJ or in Japan by the EIT.

4. PUBLICATIONS

Members of one organization may receive certain publications of the other organization at reduced rates.

Reduced rates for the publications of individual technical societies may be established by supplemental agreements.

5. AMENDMENT, SUPPLEMENT AND TERMINATION

Amendments to the agreement may be proposed at any time, but will not be valid until those will be approved by both the EIT and the IEEJ.

Other cooperative agreements, which may be made in the future shall be documented in a supplement to this agreement. This may include agreement, which encourage electrical engineers of each institution to become members of both institutions.

The term of this agreement shall be automatically extended unless any party of both institutions requests the termination of this agreement in writing.

The Engineering Institute of Thailand under H.M. the King's Patronage (EIT)

The chairman of Electrical Division of EIT
Associate Professor Dr. Jamnarn Hokierti

The Institute of Electrical Engineers of Japan (IEEJ)
